## INTRODUCTORY.

---

THE publisher takes pleasure in placing before the citizens of Bloomington his seventh volume of GOULD'S CITY DIRECTORY, and it is to be hoped that it will give the satisfaction that has attended his former publications.

It is two years since the last Directory was published, and during that period the publisher notes, with some marked degree the usual preponderance of that class of business men who continually use a directory, yet have not the liberality in their souls to buy one, but prefer to "sponge" on their neighbors, and this class of "business men" are by no means on the decrease.

Thanking our subscribers and patrons whose names figure in our list of advertisers, for their liberal patronage, and trusting it will fully meet their expectations.

Respectfully,

DAVID B. GOULD.

Directories of all the Principal Cities of the United States, kept on  
hand for the accommodation of Patrons and Friends.

## DIRECTORY BORROWERS

Many are the complaints from those who regularly patronize the Directory that they are bored so much by borrowers, not the stranger or the private citizen who steps into an office, looks at the Directory and goes out, but merchants, business men, who continually need it for reference yet are too close listed to buy one. These are the individuals who carry off your Directory "just for a few minutes" which generally means A FEW DAYS, unless you send after it before, then you have scarcely "housed" it when some one else annoys you with the question "please lend me your Directory a few minutes." Perhaps you won't see it again for a week, yet those same borrowers will tell the Directory Canvasser that he has no use for a Directory, he "knows everybody" and vice versa, "everybody knows him" —too well perhaps.
